

Prayer to Mary, Undoer of Knots

O Holy Mary, Undoer of Knots, you have a mother's heart that untangles the knots in our lives. We come before you today, entrusting you with the tangled ribbon of our lives.

O Mary Undoer of Knots, take into your hands the knots that bind us:

The knots of discord in our families,
The knots of misunderstanding between loved ones,
The knots of unemployment and financial strain,
The knots of illness and suffering,
The knots of addiction and despair,
The knots of past mistakes that haunt us still,
The knots that we have hidden away and forgotten.

Gentle Mother, you who know how to untangle even the most difficult knots, loosen the bonds that constrain us. With your graceful fingers, release us from the snares and complications that distress our souls.

Intercede for us, O Mary Undoer of Knots, that through your powerful mediation, we may find peace, clarity and resolution. Help us to see the way forward when all seems dark and confused.

Teach us to persevere with faith and hope, trusting in God's infinite wisdom and love. Guide our steps along the path of holiness and truth.

We thank you, Mary Undoer of Knots, for hearing our prayer. We know that you never fail those who place their trust in you. Untie the knots in our lives, that we may give glory to God and serve Him with joy. Amen.
